Product Description

Tactacam - REVEAL SK Cellular Camera

Tactacam's REVEAL SK is a top pick for "set it and forget it" observation needs. SK provides an integrated solar panel with a companion lithium battery to continually recharge without battery waste or trips to the field. Dual antennas provide advanced cellular reception, no-glow IR allows for undetectable flash, and a weather-resistant body makes this a reliable and user-friendly option for any outdoor situation.
