Product Description

eXmark 60" Lazer Z V-Series Electric Zero Turn Mower

What do you get when you combine our industry-leading Lazer Z zero-turn mower with the state-of-the-art HyperCell power system? You get the new Lazer Z V-Series electric zero-turn mower. The Lazer Z V-Series gives landscape professionals a competitive edge when competing for contracts that include sound ordinances or zero engine exhaust mandates.

The Lazer Z V-Series provides the cut quality, productivity, and commercial durability you expect from Exmark, all in a quiet, fast, low maintenance electric zero-turn mower. The HyperCell power system delivers up to 7+ hours of runtime on each charge, so you can mow all day without charging. Our patent-pending management software delivers precise maneuverability with consistent, predictable control. Lazer Z V-Series also features Horizon360 Connect remote software, so you have full app-based connectivity to settings, location, and data from your Lazer Z V-Series mower.

When you're looking for the premier commercial electric zero-turn mower available today, look no further than the Lazer Z V-Series. Available with an Adapt-equipped 60-inch Series 6 Electric cutting deck, the Lazer Z V-Series is the powerful, productive electric zero-turn mower you need to lead the pack.
