Product Description

eXmark 48" Lazer Z E-Series Zero Turn Mower

As the most affordable model in the Lazer Z line, the all-new 2025 Lazer Z E-Series delivers an unbeatable combination of cut quality, productivity, durability and value. Select from 48-, 52-, or 60-inch UltraCut Series 4 cutting decks, all equipped with a newly redesigned discharge chute that distributes clippings over a wider area. A choice of twin-cylinder Kawasaki, Kohler, or Vanguard twin-cylinder commercial engines are available, all equipped with heavy-duty external air filters. Power is delivered through unitized Hydro Gear pump and motor units for up to 11 mph forward ground speeds. A new full-suspension operator seat increases operator comfort during long work days.
