Product Description

CSG-7410 Features

- 73.5 cc professional-grade, 2-stroke engine
- A four-stage air filtration system protects the engine from harmful dust ingestion
- Decompression valve for easier starter pulling effort
- Momentary stop switch automatically returns to the "on" position
- Purge bulb provides fresh fuel to the carburetor
- Side-access belt tensioner for easy belt adjustment
- Reversible cutting head can be moved to enable cutting near a wall or close to the ground
- Aluminum handle with rubber grip for comfort and vibration reduction
- Brass water valve controls the flow of water
- Quick-release hose adapter to attach a hose for water supply
- Abrasive wheel included, diamond wheel sold separately
