Product Description

eXmark 60" Radius E-Series Zero Turn Mower

Designed to deliver professional-grade features at an affordable price, the new Exmark Radius E-Series zero-turn mower is a great option for landscape maintenance pros and users seeking professional performance. Available with a choice of 48-, 52- or 60-inch UltraCut Series 3 cutting decks, the Radius E-Series delivers the cut quality you expect, with reduced maintenance and durability you can count on.

Powered by the Exmark twin-cylinder commercial engine, Radius E-Series models deliver superior operator comfort with an isolated footrest, seat suspension options and a new side pod design (2023 models) that places vital controls right at the operator’s fingertips.
