Product Description

eXmark 60" Radius S-Series Zero Turn Mower

Whether you're a landscape pro or a homeowner looking to upgrade to pro-level tools, the Exmark Radius S-Series offers a compelling combination of performance, value, and long-term durability. Equipped with our UltraCut deck technology, the Radius S-Series delivers unmatched cut quality, while our tough, low-maintenance Hydro-Gear integrated transmissions offer zero-turn maneuverability and up to 9 mph forward ground speed. Powered by Kawasaki engines, the Radius S-Series is ready to tackle the toughest mowing jobs. Available with 48-, 52- and 60-inch cutting decks.
