Product Description

Husqvarna 52" Lawn Sweeper

Enjoy efficient clean-up with this 42" sweeper. The 20 cu. ft. reinforced hopper with flow thru bag fills from top to bottom for greater collection, meaning you stop and empty less often. A clean sweep with just one pass with 5:1 Brush to Wheel Ratio. Positive lock height adjustment will not vibrate out of position and has easy to remember height settings. 12" polypropylene brushes; 12" x 2.5" semi-pneumatic tires. Extra wide 9 in. chute prevents clogging. Collapsible hitch, hitch arms, and bag for compact storage. 3-position hitch adjustment allows use with all Husqvarna lawn and garden tractors. Nylon brush axle shaft for less wear (vs. plastic bushing). Dumps from tractor seat for easy composting. Fits all Husqvarna tractors. Fits Husqvarna residential zero-turns with an accessory hitch kit.
